PLUMB HATCHETS AND HAND AXES

These Hatchets are designed to do a specific job. With cutting edges that stay sharp, they are perfectly balanced for easy accurate work.

These light-weight hand axes are easy to use in chopping kindling and cutting stakes. Yet, the heads are sturdy enough to pound and drive. Tempered to withstand numerous sharpenings.

Plumb handles are turned from tough springy hickory, tested for strength and shaped for hand comfort.

FAYETTE R. PLUMB, Incorporated — Philadelphia, Pa. 19137

PLUMB AXES

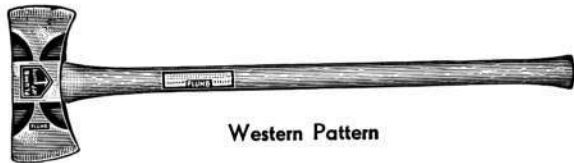

Plumb Axes are forged from the highest grade tool steel—uniform in weight and pattern. The bits are hardened and electrically tempered for two inches back from the cutting edge to hold a long lasting, sharp, fast-cutting edge. The handles are made from the finest, select second-growth hickory. They are pneumatically driven into the head at the correct angle.

PLUMB JET WING BEVELED AXES

Full polished head with jet black sharp bevels—tested red handles. The most beautiful, serviceable axe ever offered. Beauty—Balance—Utility—are combined to provide extra performance. Permabond Assembled.

Packed Wts. per Doz. 60 lbs.

PERMABOND ASSEMBLY KEEPS AXE HANDLES TIGHT

Permabond is a red chemical weld used in Plumb Axe eyes to join heads and handles together permanently. Permabond eliminates mechanical wedges which split and weaken handles. Permabond reduces moisture absorption—minimizes swell and shrink of wood which loosen handles. The handles of Permabond assembled Plumb Axes will not loosen in normal use.

PLUMB DREADNAUGHT AXES

The Advertised Finish—velvet black head and tested red handle. America's most popular plain-bit axes. Perfectly balanced to bite deep into the wood and free easily. Permabond Assembled.
